

Why make your club family friendly?

Serving with your family is a rewarding experience in itself, but the benefits of making your club family friendly have a greater, lasting impact on your club — and our organization as a whole. So, let's take a look!

Want to know more about family membership?

For more information, or to learn how to get family membership started in your club, visit the Family Membership Program webpage using the QR code below. Global Action Team (GAT) members in your area are also a great resource. Reach out to them to learn more about how to make clubs in your area family friendly.

Family Membership

Get to know the benefits of creating a multi-generational club.

Understanding family membership

Getting families involved in service has never been easier. Through the Family Membership Program, Lions who pay full dues can serve with up to four family members who live with them at a 50% discount on international dues for these family members. Whether family members include a spouse, children or extended family members, they'll be able to expand your club's impact and inspire new members through family membership.

Revitalize your club with new members

By making your club family friendly, you're giving more people an opportunity to be part of the incredible service you're doing while juggling their busy lifestyles. This means that parents can feel they are able to give back while spending time with their children in a way that positively affects both them and their community. And in turn, your club will see healthy growth that leads to a larger service impact for years to come.

Bring new perspectives to your service

When you bring younger members into your club, you have the opportunity to share your experiences and knowledge about what it means to be a Lion. And in turn, younger members can offer new perspectives on service and fellowship among your members. They also bring tech skills that can help you better manage projects and communications. When you combine experience with new skills and fresh ideas, your entire club benefits.

Inspire future members of your club

Families getting involved in service means that your club's legacy will continue and your impact will only increase. Getting more young people and children involved creates enormous potential to grow your club, while also instilling a passion for service in a whole new generation of Lions.
