HUNGER KNOWS NO BORDERS

Hunger is stressful both physically and mentally. Around the globe, too many people wake up and go to bed hungry day after day. Children are especially vulnerable. With assistance from Lions

Clubs International Foundation (LCIF), Lions are creating lasting change that puts in place regular access to nutritious and sufficient food.

Lions in this part of the world were among the first to inquire about grant funding to support hunger initiatives.

In Kerala, India, Lions plan to use LCIF Hunger grant funds to upgrade kitchens at 80 Anganwadi centres

statewide. LCIF Hunger grants can also be applied toward food bank construction, school-based feeding program expansion, feeding centre establishment, and other projects designed to abate chronic hunger challenges.

"With LCIF, we can support those struggling with a basic human need."

The United Nations predicts more than two billion people will be malnourished by 2050². "There are more than 350,000 Lions in this part of the world," said Past International Director A. P. Singh. "We must act now to take advantage of LCIF Hunger grants and engage our compassionate hearts in service. With LCIF, we can support those struggling with a basic human need, food."

Hunger...a Complicated Challenge

Despite sufficient global food production, chronic hunger remains a chronic problem. Political and economic instability, rising food and energy prices, and climate change contribute to urgent hunger-related challenges in this part of the world.

Prevalence in South-East Asia

Undernourishment: 11.5%
Stunting: 25.7%
Wasting: 8.7%³

43%

of Pakistan's population faces food insecurity

Lions Clubs International
FOUNDATION

LCIF is the grant-making body empowering Lions to create greater impact in their communities and around the world. The vast majority of funding LCIF receives is from Lions; one hundred percent of every donation supports Lions service through LCIF grants and programs.

Hunger is just one cause area supported by LCIF and Campaign 100: LCIF Empowering Service. With financial support from Lions and clubs worldwide, Campaign 100 is empowering Lions to increase service impact in vision, youth, disaster relief, and humanitarian efforts; fight the global epidemic of diabetes; and make important progress in expanded cause areas of childhood cancer, hunger, and the environment.
